[CV Lattes \(in Portuguese\)](#)

Personal information

Overview: I am an ecologist and conservation scientist interested in how people and biodiversity share working landscapes. My research programs cover landscape ecology, biotic homogenization, forest and landscape restoration, natural resources management and poverty-forest relationships. I am an enthusiastic lecturer who love field courses and sharing real world experiences with students and colleagues.

Full name:	Felipe Pimentel Lopes de Melo
Date of birth:	21 de Octubre de 1978
Nationality:	Brazil
Address:	Rua Gomes Pacheco 425, Recife-PE, Brazil. 52021-060
Phone number:	+55 81 985094991
email:	fplmelo@gmail.com

Qualifications

2004 - 2009	PhD in Biological Sciences National Autonomous University of Mexico, UNAM
2002 - 2004	MsC in Vegetal Biology Federal University of Pernambuco, Brazil
1998 - 2001	BsC in Biology Federal University of Pernambuco, Brazil

PostDocs

2020 - 2020	Environment Centre, Lancaster University, Inglaterra
2009 - 2010	Federal University of Pernambuco, Brazil

Language skills

English: fluent

Spanish: fluent

Portuguese: native speaker

Present and previous appointments

2019-present	Senior Lecturer in Applied Ecology , Federal University of Pernambuco
2011-2019	Lecturer in Ecology and Conservation , Federal University of Pernambuco
2009-2011	Project Manager , Centro de Pesquisas Ambientais do Nordeste (Cepan [www.cepan.org.br])

Publications and citations

Database	H-index	Number of citations
Scopus	25	2473
Publons	24	2279
Google scholar	29	3955

Reviewer for academic journals

PNAS, Proceedings of the Royal Society- B, Journal of Applied Ecology, Journal do Ecology, Biological Conservation, Global Change Biology, Landscape Ecology, Plos One, Land Use Policy, etc.

Peer-reviewed papers

Research Income

As principal investigator

- Effects of climate change on forest security ans sustainability of Brazilian dry forest of Caatinga (2020-present; National Council for Research and Development -CNPq, Brazil) £ 27,000 (approximately)
- The role of ecological restoration on dry sustainability of social-ecological systems of Brazilian dry forests of Caatinga (2017-present; National Council for Research and Development -CNPq, Brazil) £ 53,000 (approximately)
- Quantifying the sustainability of social-ecological productive systems of the Caatinga (2015-2018; Foundation for Science Development of Pernambuco -Facepe, Brazil) £ 13,000 (approximately)
- Beta-diversity and phylogenetic structure of plant communities in human-modified tropical landscapes (2013-2015; National Council for Research and Development -CNPq, Brazil) £ 6,000 (approximately)
- Effects of forest fragmentation on seed dispersal rates and maintenance of tropical tree diversity in South Eastern Mexican tropical forest (International Foundation for Science, Sweden USD 12,000 and Rufford Small Grants, £ 5,000)

As co-investigator

- Reassembly of tree communities in degraded and fragmented landscapes: implications for biodiversity persistence on tropical forests (2009-14; National Council for Research and Development -CNPq, Brazil), £8,000 (approximately)
- Anthropogenic disturbances, climate change and the future biota of the Brazilian dry forest of Caatinga (20012-present; National Council for Research and Development -CNPq, Brazil), £40,000 (approximately)

Academic responsibilities in current job at Federal University of Pernambuco

Research

1. Leading the development of a research program in Applied Ecology (www.ecoaplic.org) with a team from Postgraduate Program in Plant Biology and Postgraduate Program in Ethnobiology and Conservation
2. Member of Scientific Committee of the Brazilian Panel for Biodiversity and Ecosystem Services (BPBES)

Teaching.

1. **PhD supervision.** 3 students defended; 2 current students.
2. **MSc supervision.** 7 students defended; 1 current student
3. **Undergraduate supervision.** 14 student defended; 1 current student
4. **Graduate teaching.** Convene and teach Basic Statistics, Conservation Biology, Design of Experiments, Numerical Ecology, Field courses in Ecology and conservation of tropical forests.
5. **Undergraduate teaching.** Convene and teach Ecology, Economic botany, Numerical ecology, Management of protected Areas, Field courses in Ecology and conservation of tropical forests

Administration. Head of Bachelor's course in Environmental Science, Chair of the Botany Department, Coordinator of the UFPE-UNAM collaboration in ecology and conservation.

Scientific meetings

Scientific meetings (marked with * those I organized simposia)

- *1. ATBC Meeting. Functional composition of tree assemblages across human-modified tropical landscapes. 2017.
- *2. ATBC Meeting. Ecological processes driving alternative successional pathways in human-dominated tropical landscapes: the importance of seed dispersal and seedling recruitment. 2013.
- *3. III Congreso Latinoamericano de Restauración Ecológica. El futuro de la biodiversidad en los paisajes tropicales dominados por humanos: restauración ecológica y la importancia de la matriz. 2013.
4. 2011 Annual Meeting of the Association for Tropical Biology and Conservation. Forest fragmentation drives Atlantic forest of northeastern Brazil to biotic homogenization. 2011.
- *5. 4th World Conference on Ecological Restoration. Large-scale forest restoration initiatives on the ground: lessons from the Atlantic forest of Northeastern Brazil. 2011.
6. 5th International Symposium-Workshop on Frugivores and Seed Dispersal. Consequence of the loss of large frugivores. 2010. (Simpósio).
7. Getting Post 2010 Biodiversity Targets Right. Landscape attributes drive spatial microclimate configuration of Brazilian Atlantic forest fragments. 2010.
8. Biodiversidad y turismo sostenible en Iberoamerica. Conservación De La Biodiversidad, Turismo De Naturaleza Y Servicios Ambientales En Brasil. 2009.

9. Seminário sobre restauração florestal em mata atlântica: a experiência de Pernambuco, Alagoas e Paraíba. 2009.
10. ATBC meeting. Size matters: forest fragmentation reduces recruitment of large-seeded seedlings in southern Mexico. 2008.
- 11.II Congreso Mexicano de Ecología. Fragmentación, defaunación y rutas de regeneración del bosque tropical centroamericano. 2008.
12. IV Congreso Mexicano de Ecología. El futuro de la biodiversidad en los paisajes tropicales dominados por humanos. 2008.
13. ATBC Meeting. 2007.
14. XIV International Bat Research Conference and 37th NASB. The last of the Mohicans: would netropical bats maintain seed dispersal services for large-seeded plants in defaunated landscapes?. 2007.
15. Congreso Mexicano de Ecología. Biased seed rain in forest edges: evidence from the brazilian atlantic forest. 2006.
16. 52° Congresso Nacional de Botânica. 52° Congresso Nacional e Botânica. 2001.
17. 5° congresso de ecologia do Brasil. 5° congresso de Ecología do Brasil. 2001.
